Thursday the weather will be the same as today (34°), perhaps maybe even warmer. There is a slight

risk of storm, but nothing sure. The air should freshen up a bit on Saturday.

TIP OF THE DAY...

There is an ice machine at your disposal in the dining room, at the rear near the back wall. You can easily find it by going up the stairs at the end of the corridor of the locker rooms.

DON'T FORGET :

Thursday morning at 11:00, **OFFICIAL RECEPTION** at the City of Geneva in Town Hall. Each team must send at least the Head of Delegation for this event. **Departure** : Queue d'Arve at 10:30 by bus. Referees and officials all welcome !

MEET THE TEAM...

Denis Gredig is one of our drivers. He is a school teacher and has devoted a week of his summer vacations for us. He is also the trainer of Etoile-Genève (Star Geneva), a men's team playing in the swiss 3rd division. Before becoming a trainer, he played in various local clubs, as well as some football.

HELP !

With the warm weather, it is of course recommended to drink a lot of water.

Once again, we pray you **not** to leave *half empty* bottles all over the halls and lockers... It's really too bad to **waste** so much water... and money !

Further information for every team...

Found : well, if nobody wants it, I'll be glad to keep this lost Ipod and give it to my cat sometime so it can listen to music while I take care of volleyball players.... Miaou !!!

Transportation is our major concern. We do our outmost to satisfy you with our 3 buses. But we need your help : kindly **be on time** so that we will not be late for our next job... Thanks !

And finally, **Don't forget** to tell your players not to leave anything on the **floor of the locker room** to enable us to clean the rooms. We also air them out during the night, when the center is closed.
